AV Needs

Audio-Visual

- ✔ PowerPoint slides will be provided at least 48 hours in advance of the event and should be loaded to the conference computer system and pre-checked prior to Dr. Andrea's arrival—unless she is using her own laptop.
- ✔ Dr. Andrea normally arrives one hour before her presentation for an A/V check, which must be done with attendees not in the room. However, if that cannot be accommodated, an alternative time can be arranged.
- ✔ Dr. Andrea requires a wireless lavalier microphone for any group of more than 25 people. A confidence monitor and countdown clock are strongly preferred.
- ✔ It's critical to have a clear front-stage area, as Dr. Andrea will be moving around the stage for maximum audience engagement. A podium at the front of the stage (center or side) blocks your audience's view of their speakers.
- ✔ Tuck furniture at least 6 feet from the front of the stage if you absolutely can't remove it.
- ✔ To have the highest-energy presentation, a single screen should be off to one side or well above the stage, not center stage because the presenter is the focal point and the slides are merely supplemental.

Scheduling & Logistics

- ✔ To create some anticipation for the session and to allow for AV setup and testing (discussed above) it's best to schedule a break before Dr. Andrea takes the stage.
- ✔ Because travel delays happen, Dr. Andrea prefers to arrive the night before. Please arrange or recommend a hotel that's either at the venue or closer to the airport than the venue itself. Please book a non-smoking room on a high floor with late checkout guaranteed.

Slides & Handouts

- ✔ Please note Dr. Andrea doesn't convert her slides to anyone's templates. Templates aren't enthusiastic and Dr. Andrea's presentation slides are designed to graphically supplement her verbal content and don't mirror the words in her speech.
- ✔ Dr. Andrea's full slide deck is not available for download, or for publishing as notes or a handout. If you need an outline of the presentation for educational certification requirements, one can be provided on the day of the session.
- ✔ Dr. Andrea owns and retains all rights to her materials and content. They cannot be reproduced or distributed.

Recordings & Photos

- ✔ Feel free to take as many flash photos as you'd like before the talk, but please no flash during the presentation.
- ✔ You agree that Dr. Andrea and her team have the right to photograph the session, as well, and use the photos online or in print.
- ✔ If we've agreed to permit recording of the session, plan ample time to test sound pick up and to verify that the sound patch doesn't interfere with the projection-output quality (sometimes an issue).
- ✔ Unless you specifically agreed to work it out, you don't have the ability or right to record and then resell or distribute Dr. Andrea's talk. right to record and then resell or distribute Dr. Andrea's talk.
